1. **Activity/Event Name:** Boot Camp on problem solving on Mini Project Exhibition
2. **Thrust Area of the Event/Program:** Inspiration, Motivation, and Ideation
3. **Level of the Activity/Program:** 3
4. **Semester of the Event Conducted:** II
5. **Quarter of the Event Conducted:** Quarter 4(1st June 2026 – 31st August 2026)
6. **Date of the Event/Program:** 13th June 2026
7. **Duration of the Event/Program:** 9:00 AM – 4:30 PM
8. **Number of Faculty Participations:** 4
9. **Number of Students Participated:** 80 students (21 project teams)
10. **Funds Utilized for the Event/Program:** 7052
11. **Department:** Department of Computer Science & Engineering and CSE (AI & ML)
12. **Objective:** The objective of the Mini Project Exhibition was to encourage students to apply theoretical knowledge to practical problems and to enhance their problem-solving, programming, and innovation skills. The event also aimed to provide students with a platform to showcase their creative ideas and technical solutions developed during their mini projects.

13. Summary:

The Department of Computer Science & Engineering and CSE (AI & ML) in association with the Institute Innovation Council (IIC) organized “InnoVision – Mini Project Exhibition” on 13th June 2026 at the 1st Floor MMM Lab.

A total of 50 mini project teams were formed comprising students from both CSE and CSE (AI & ML) departments. Initially, Review-1 was conducted with the project guides to evaluate the proposed ideas

GOPALAN
**COLLEGE OF ENGINEERING
AND MANAGEMENT**
Whitefield, Bengaluru

and initial development progress. Based on the suggestions provided by the guides, students improved their projects and presented them during Review-2, which was conducted in the presence of project guides and panel members.

After evaluation of all the projects based on **innovation, implementation, and presentation quality**, **21 teams were shortlisted** to exhibit their projects during the Mini Project Exhibition.

The exhibition was evaluated by external judge:

Mr. Madan Rajendra, AI Engineer, JELLIES-HIREX private limited

Students presented innovative projects such as Hr recruitment and resume screening, AI quiz builds for teacher, Club Hub - The Club Activity Manager, Control Activity Monitor.

The event provided students with an opportunity to demonstrate their technical knowledge, creativity, and teamwork while receiving valuable feedback from judges and faculty members.

- 14. Benefits:**
1. Encouraged **innovation and creative thinking** among students.
 2. Helped students improve **their programming and problem-solving skills**.
 3. Provided **practical exposure** beyond the regular academic curriculum.
 4. Developed **presentation and communication skills**.
 5. Enabled interaction with **industry experts and faculty members**.
