1. Activity/Event Name: FDP on “Enhancing Teaching through Innovative digital Practices.

2. Thrust Area of the Event/Program: “Innovation and Technology”

3. Level of the Activity/Program: 1

4. Semester of the Event Conducted: I

5. Quarter of the event conducted: Quarter I

6. Date of the Event/Program/etc.: 04-09-2026

7. Duration of the Event/Program: 120 Minutes

8. Number of faculty participation: 26

9. Number of Students Participated: NA

10. Funds utilized for the Event/Program: Nil

11. Department: Department of CSE in collaboration with IIC - GCEM

12. Objective:

1. To familiarize faculty members with innovative digital practices that can enhance teaching and learning.
2. To introduce effective digital tools and technology-enabled teaching methodologies for engineering education.
3. To help faculty integrate interactive and engaging digital resources into classroom teaching.
4. To enhance faculty competency in designing student-centric and technology- supported learning experiences.
5. To encourage the adoption of innovative pedagogical approaches for improving student participation and learning outcomes.
6. To promote the effective use of digital platforms for content delivery, assessment, collaboration, and feedback.

13. Summary:

The Faculty Development Program titled “Enhancing Teaching Through Innovative Digital Practices” was organized by the Departments of CSE and CSE (AI & ML), Gopalan College of Engineering and Management, Bengaluru, on 4 September 2026 from 1:30 PM to 3:30 PM at LH 305. The

GOPALAN

AND MANAGEMENT
Whitefield, Bengaluru

program focused on equipping faculty members with innovative digital practices and technology-enabled teaching approaches. The sessions emphasized the effective integration of digital tools, interactive learning strategies, and modern pedagogical practices to enhance classroom engagement and improve the overall teaching-learning experience. The FDP provided faculty members with practical insights into adopting digital technologies in their academic practices. The program encouraged participants to move beyond conventional teaching approaches and explore **interactive, student-centric, and technology-supported methods**. The knowledge and strategies gained through the FDP can be applied to classroom instruction, digital content creation, assessment, student engagement, and academic collaboration.

14. Benefits: The Faculty Development Program on “*Enhancing Teaching Through Innovative Digital Practices*” provided faculty members with practical exposure to innovative digital teaching methodologies and technology-enabled tools for enhancing the teaching-learning process. The participants gained awareness and hands-on understanding of interactive digital tools such as Kahoot, Mentimeter, Booklet, and other digital platforms that can be effectively used for conducting quizzes, real-time polls, collecting feedback, creating engaging learning content, assessment, and improving student participation. The sessions helped faculty members understand how to integrate these tools into their regular classroom teaching and academic activities, thereby making the learning environment more interactive, engaging, student-centric, and effective. The FDP also enhanced faculty confidence in adopting modern digital practices and encouraged them to explore innovative approaches for improving student engagement, assessment, collaboration, and overall learning outcomes.

16. Feedback Form:

4. How would you rate the overall session? 1 - Poor 2 - Fair 3 - Good 4 - Very Good 5 - Excellent

24 responses

6. How effectively were the concepts and tools demonstrated?

24 responses

5. How relevant was the session to your teaching needs?

24 responses
