1. **Activity/Event Name:** Smart India Internal Hackathon 2026
2. **Thrust Area of the Event/Program:** Hackathon
3. **Level of the Activity/Program:** 03
4. **Semester of the Event Conducted:** Semester I
5. **Quarter of the event conducted:** Quarter 1
6. **Date of the Event/Program/etc:** 18th September 2026
7. **Duration of the Event/Program:** 720 minutes
8. **Number of faculty participations:** 5
9. **Number of Students Participated:** 210
10. **Funds utilized for the Event/Program:** Rs.5000/-
11. **Department:** Department of CSE-AIML in collaboration with IIC - GCEM
12. **Objective:** The primary objective of the Smart India Internal Hackathon 2026 conducted at Gopalan College of Engineering and Management was to provide students with a platform to demonstrate their creativity, technical knowledge, innovation, and problem-solving skills by addressing real-world problem statements published under SIH 2026. The event aimed to identify and shortlist the most promising teams from the college for participation in the national-level Smart India Hackathon. The evaluation focused on parameters such as novelty, impact, complexity, clarity, feasibility, sustainability, user experience, and affordability..
13. **Summary:** The Smart India Internal Hackathon 2026 was conducted on 18 September 2026 at Gopalan College of Engineering and Management, Bangalore. A total of 35 teams involving 210 students participated in the event, including 114 female and 96 male students. The participating teams presented innovative solutions based on selected SIH 2026 problem statements under software and hardware categories before

expert jury panels. The evaluation involved team presentations, discussions, and question-and-answer sessions based on eight evaluation parameters. Following the evaluation, 29 teams were shortlisted to represent the institution at the next level. The event concluded with closing remarks and appreciation for the students' enthusiasm, creativity, and dedication.

14. **Benefits:** The hackathon provided several benefits to the participating students by encouraging innovation, teamwork, creativity, and practical problem-solving skills. It enabled students to work on real-world challenges and develop technical solutions while improving their presentation, communication, and decision-making abilities. Interaction with expert jury members also provided valuable exposure to professional evaluation and constructive feedback. The event further helped identify promising student teams for participation in the national-level Smart India Hackathon and created a strong foundation for students to develop their ideas into impactful and feasible solutions.

16. Feedback Form:

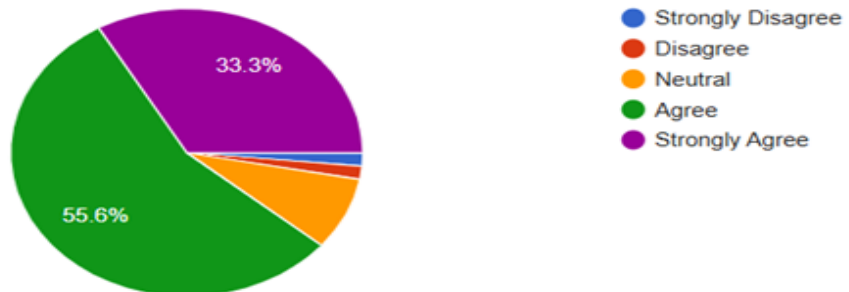

The hackathon encouraged us to develop an innovative and novel solution.

135 responses

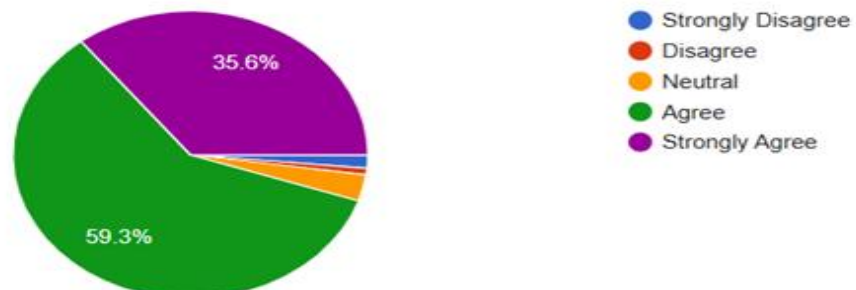

The hackathon helped us improve our problem-solving and technical skills.

135 responses

The hackathon encouraged us to think about further development and future scope of our solution.

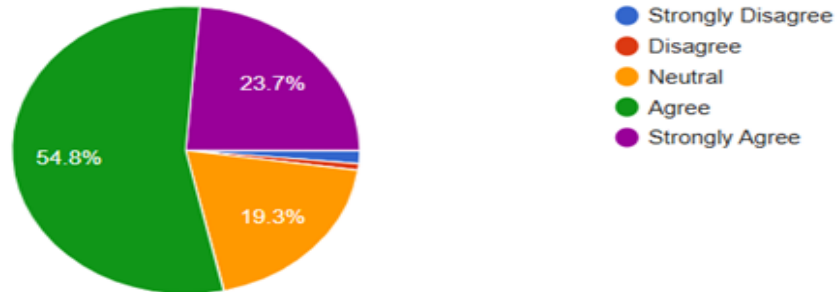

135 responses

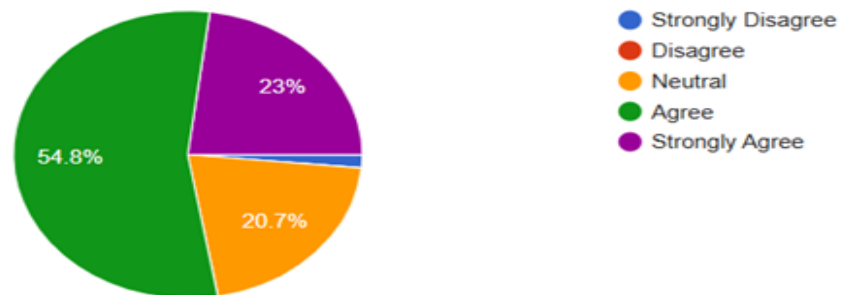

Was evaluation/judging process was clear and transparent.

135 responses

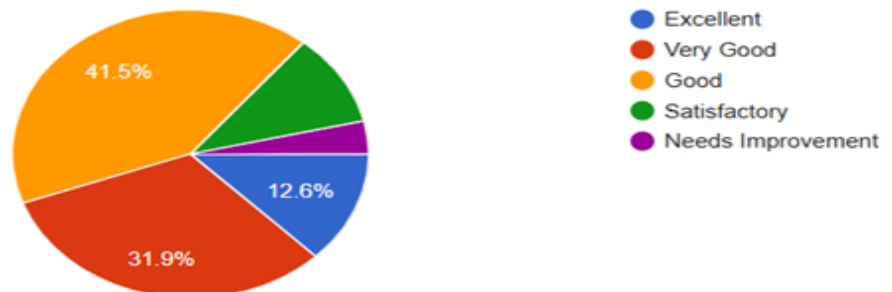

The overall organization and coordination of the hackathon were satisfactory.

135 responses

Overall, how would you rate your Smart India Hackathon 2026 experience?

135 responses
