Whitefield, Bengaluru

INSTITUTION'S INNOVATION COUNCIL
(Ministry of HRD Initiative)

1. **Activity/Event Name:** Workshop on "Innovations in cyber security and Ethical Hacking"
2. **Thrust Area of the Event/Program:** Emerging Technologies: Cyber Security and Ethical Hacking
3. **Level of the Activity/Program:** 2
4. **Semester of the Event Conducted:** I
5. **Quarter of the event conducted:** Quarter 1
6. **Date of the Event/Program/etc.:** 09-10-2026
7. **Duration of the Event/Program:** 420 minutes
8. **Number of faculty participation:** 03
9. **Number of Students Participated**: 69
10. **Funds utilized for the Event/Program:** Rs 6000/-
11. **Department:** Department of CSE in collaboration with IIC - GCEM
12. **Objective**:

1. To create awareness among students about the importance of cyber security and the need to protect digital information.

2. To introduce students to ethical hacking techniques used to identify and prevent security vulnerabilities.

3. To help students understand common cyber threats, attacks, and methods of protecting computer networks.

4. To provide practical insights into penetration testing and vulnerability assessment.

5. To encourage students to explore emerging technologies and innovations in cybersecurity.

6. To motivate students to develop the technical skills and ethical responsibility required for careers in cybersecurity.

13. Summary:

The Department of Computer Science and Engineering organized a workshop on "Innovations in cyber Security and Ethical Hacking" on 9 October 2026. The session was conducted by Mr. Ajinkya Lohakare, CTO and Founder of Ditto Security, who shared his knowledge and professional experience in cybersecurity and ethical hacking. The workshop introduced students to current cybersecurity practices, ethical hacking, penetration testing, and the identification of security vulnerabilities. The session helped students understand the importance of securing digital systems and encouraged them to explore career opportunities in the cybersecurity field.

14. Benefits:

1. Students gained a better understanding of cybersecurity concepts and their importance in everyday digital activities.
2. They learned how ethical hacking helps identify security weaknesses and protect systems from cyberattacks.
3. The workshop provided useful insights into penetration testing and vulnerability assessment.
4. Students became more aware of common cyber threats and ways to safeguard sensitive information.
5. The interaction with an industry expert helped students connect classroom learning with real-world cyber security practices.
6. The session encouraged students to improve their technical skills and consider future careers in cyber security and ethical hacking.

69 responses

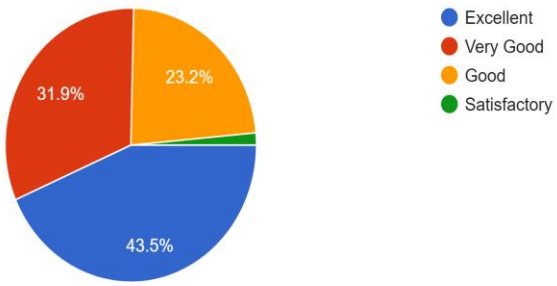

3. Relevance of the workshop topic

69 responses

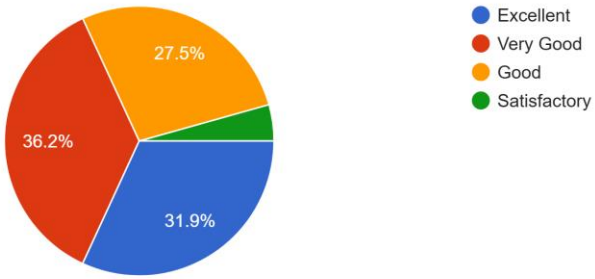

4. Knowledge and expertise of the resource person

69 responses

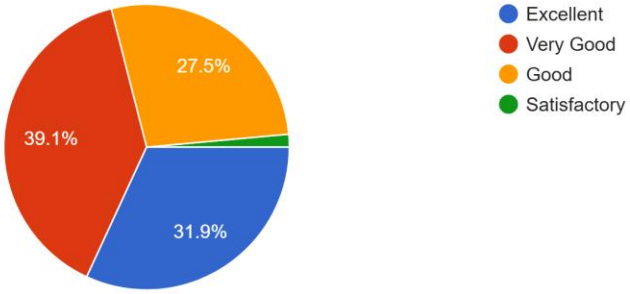

5. Clarity of presentation and explanation

69 responses

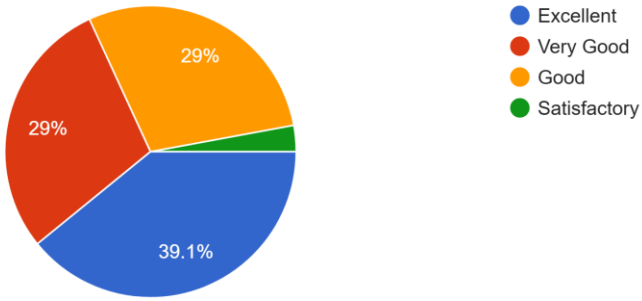

6. Practical insights into cyber security and ethical hacking

69 responses

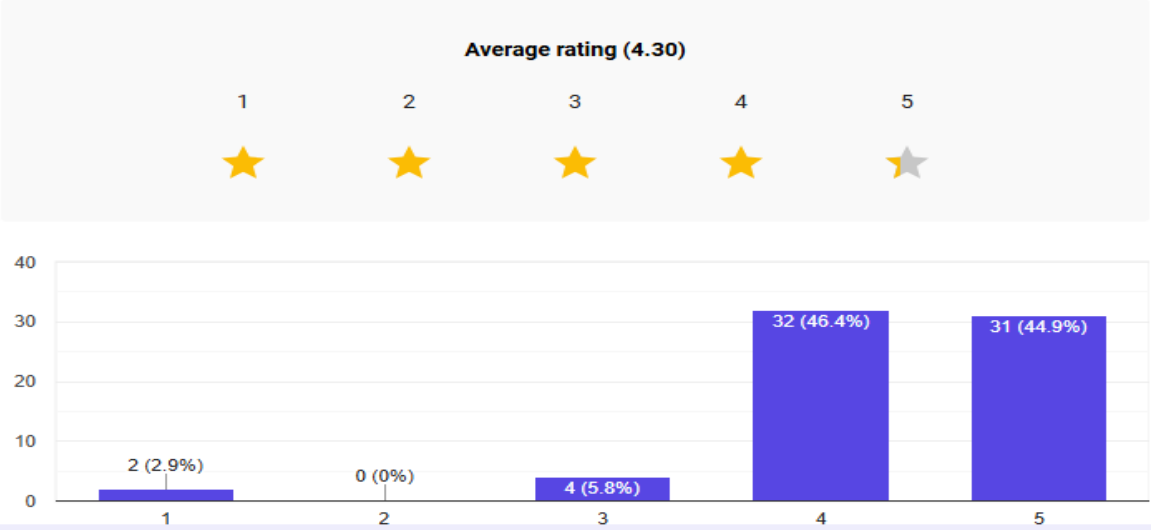

7.Usefulness of the workshop for your academic and career growth

69 responses

8. Overall organization of the event

69 responses

10. What suggestions would you give to improve future workshops?

69 responses

Need more worships like this..

More detailed hacking

It was good

Nil

-

Obtained a very good and new knowledge

Too so long time to complete .

10. What suggestions would you give to improve future workshops?

69 responses

Carrier guidance , opportunities opened in future both technical and non technical
Knowledge
More workshops needed.
..
Good session for us
This is the best workshop I have ever attended, it's really useful
It was great time was very less
Prior inform to the 5th sem students so that we would have brought laptops
More should happen
