

GOPALAN COLLEGE OF ENGINEERING AND MANAGEMENT

181/1, 182/1, Sonnenahalli, Hoodi, K.R.Puram, Whitefield, Bangalore, Karnataka - 560 048
Phone No: (080) - 42229748, **Email:** gcem@gopalancolleges.com , **Website:** www.gopalancolleges.com/gcem
Accredited by NAAC, Recognized under 2(f) from UGC, ISO 9001:2015 certified
Approved by All India Council for Technical Education (AICTE) , New Delhi
Affiliated to Visvesvaraya Technological University (VTU), Belagavi, Karnataka
Recognized by Govt. of Karnataka

INDIAN INSTITUTE OF REMOTE
SENSING

Indian Space Research Organisation
Department of Space, Government of India

Chief Patron

Dr.C.Prabhakar

General Secretary, Gopalan Foundation.

Patrons

Dr. R.Karunamoorthy,

Admin Head, Gopalan Foundation.

Dr.N.Sengottaiyan, Principal

Convenor

Dr.Shanmugavadivu P.M, Prof. & Head , Civil.

IIRS-ISRO Outreach program coordinator:

Mrs. Rajalekshmi, Asst.Prof, Civil.

DEPARTMENT OF CIVIL ENGINEERING

COORDINATING

77TH IIRS OUTREACH PROGRAMME ON

GEOSPATIAL TECHNOLOGY FOR

ARCHAEOLOGICAL STUDIES

DATE: 17.05.21 TO 28.05.21

Register The Program under the link given:

<https://elearning.iirs.gov.in/edusatregistration/student>

IIRS Outreach Programme

The IIRS outreach programme, which was started in 2007 with 12 universities/ institutions has now grown substantially to 2700+ network institutes. The beneficiaries of the programme may include:

- Central/State/Private Universities & Academic Institutions
- Central & State Government Departments
- Forest Resource Professionals
- State Forest Departments/Forest Training Academies
- Research Institutes
- Geospatial Industries
- NGOs

Feedback Mechanism

IIRS has conducted eleven workshops in 2007, 2009, 2010, 2013, 2014, 2015, 2016, 2017, 2018, 2019 and 2020 to take feedback from participating institutions to improve the quality of future courses.

Feedback session during IIRS User Interaction Meet (IAM)-2020

Awards

IIRS has received national awards for excellence in training for outreach and e-learning programme during 1st National Symposium on Excellence in Training conducted during April 11-12, 2015 in New Delhi by Department of Personnel & Training (DoPT), Govt. of India in collaboration with United Nations Development Programme (UNDP).

About IIRS

Indian Institute of Remote Sensing (IIRS) under Indian Space Research Organisation (ISRO), Department of Space, Govt. of India is a premier Training and Educational Institute set up for developing trained professionals in the field of Remote Sensing, Geoinformatics and GNSS Technology for Natural Resources, Environmental and Disaster Management. Formerly known as Indian Photo-interpretation Institute (IPI), founded in 1966, the Institute boasts to be the first of its kind in entire South-East Asia. While nurturing its primary endeavour to build capacity among the user community by training mid-career professionals, the Institute has enhanced its capability and evolved many training and education programmes that are tuned to meet the requirements of various target groups, ranging from fresh graduates to policy makers including academia.

IIRS also conducts e-learning programme on Remote Sensing and Geoinformation Science (<http://elearning.iirs.gov.in>).

77th IIRS Outreach Programme

Geospatial Technology for Archaeological Studies

May 17-28, 2021

Organised by

Indian Institute of Remote Sensing
Indian Space Research Organisation
Department of Space, Govt. of India
Dehradun

www.iirs.gov.in

About the Course

Natural disasters are becoming more frequent and intense across the globe. Geoinformatics, which includes Remote Sensing, Geographic Information System, Global Positioning Systems, and Internet Mapping Services, provides the most powerful technology for all phases of disaster management i.e. hazard mapping, monitoring, risk assessment, emergency response and reconstruction including early warning. The course is scheduled from April 05-16, 2021.

Curriculum

- Geospatial Technology for Archeology: Tools and Techniques
- Space based remote sensing for archeological studies
- Ground based geospatial techniques for archeological/heritage studies
- Documentation of cultural heritage sites: Case examples
- Low altitude systems for archeological investigations
- Microwave Remote sensing for archeological studies: Space and Ground based
- Demonstration on Terrestrial Laser Scanner
- Space based studies for Landscape Archeology
- Advanced image processing based damage assessment of cultural heritage monuments

Expected Outcome

At the end of this course participant are expected to have a comprehensive understanding of current trends in geospatial techniques for archeological/heritage studies

Target Participants

The course is designed for professionals from Central / State Govt. / Private Organizations / NGO engaged in hydro-meteorological based regional and national projects; students and researchers aligned to research/working in DRR activities

Course Study Material

Course study materials like lecture slides, video recorded lectures, open source software & handouts of demonstrations, etc. will be made available through e-class. Video lectures will also be uploaded on e-class (<https://www.eclass.iirs.gov.in/login>).

Course Fee

There is no course fee for attending this programme.

Course Registration

- Course updates and other details will be available on URL- <http://www.iirs.gov.in/Edusat-News/>
- To participate in this programme the interested organizations/ universities/ departments/ Institutes has to identify a coordinator at their end. The identified coordinator will register online his/her Institute as nodal center in IIRS website.
- All the participants have to register online through registration page by selecting his/her organization as nodal center.

Course Funding & Technical Support

The programme is sponsored by Indian Space Research Organisation, Department of Space, Government of India.

Programme Reception

Programme can be received through e-class platform of IIRS-ISRO using internet connectivity. No specific hardware/software required. However, it is recommended good internet connectivity at user end. To run the programme in class room, following hardware will be required:

- Desktop computer with web camera microphone and output speakers or laptop with microphone camera and output speaker.
- Large display screen/projector/TV.

Important links

Courses updates and other details will be available on URL – <https://www.iirs.gov.in/EDUSAT-News>

To participate in this programme the interested organisations/universities/departments/institutes have to identify coordinator at their end. The identified coordinator will register online his/her institute as nodal centre in IIRS website (<https://elearning.iirs.gov.in/edusatregistration/coordinator>)

All the participants have to register online through registration page by selecting his/her organization as nodal centre. <https://elearning.iirs.gov.in/edusatregistration/student>

Award of Participation Certificate

Working Professionals and Students: Participation certificate Based on 70% attendance.

**There are limited number of seats.
Registration will be done on first come first serve basis**
