PRESIDENT'S FOREWORD

The National Aptitude Test in Architecture (NATA) has steadily evolved into a reliable and transparent national-level assessment for aspiring architects. The successful conduct of NATA 2025 marked a significant advancement, particularly with the introduction of a more adaptive and responsive examination framework. This approach, which allows the assessment process to remain aligned with contemporary academic and professional expectations, was widely welcomed by candidates and institutions alike. Building on this experience, the Council of Architecture is pleased to announce the conduct of NATA 2026.

Architecture is a discipline that balances creative expression with social responsibility. It gives physical form to cultural values, environmental consciousness, and collective aspirations. As cities expand and the built environment faces increasingly complex challenges, architects are required to respond with sensitivity, innovation, and technical competence. Architectural education—and the mechanisms governing entry into the profession—must therefore remain dynamic and forward-looking.

The role of the architect is one of trust and accountability. In addition to design proficiency, it demands an understanding of sustainability, safety, inclusivity, and heritage conservation. Architects influence the quality and resilience of human settlements and contribute directly to national development. The Council of Architecture remains committed to ensuring that the process of identifying and nurturing future architects reflects these multifaceted responsibilities.

NATA represents the first formal milestone for students aspiring to pursue architecture as a profession. The adaptive structure introduced in NATA 2025 has enhanced the Test's ability to assess core aptitudes such as spatial reasoning, analytical thinking, visual perception and problem-solving skills in a balanced and meaningful manner. NATA 2026 continues this adaptive approach, reinforcing fairness, consistency, and relevance while identifying candidates with the potential to contribute constructively to the profession.

India's long-term vision of Viksit Bharat 2047 envisages a developed nation supported by robust infrastructure, sustainable urbanization and inclusive growth. Architects will play a crucial role in realizing this vision by shaping built environments that are efficient, resilient and rooted in local context while embracing innovation. The profession's contribution will be instrumental in translating national goals into lived realities for citizens.

On behalf of the Council of Architecture, I extend my best wishes to all candidates appearing for NATA 2026. I encourage you to approach this examination with diligence and confidence. Your choice of architecture reflects a commitment to creativity, discipline and public service and this examination marks the beginning of a professional journey with enduring relevance and responsibility.

Prof. Abhay V. Purohit
President
Council of Architecture

1.1 INTRODUCTION

The **Council of Architecture (CoA)** is an autonomous statutory body of the Ministry of Education, Government of India constituted under the provisions of the Architects Act, 1972, and came into force with effect from 1st September, 1972. The Act provides for registration of Architects, standards of education, recognized qualifications and standards of practice to be complied with by the practicing architects. The Council is vested with the responsibility of maintaining the register of architects as well as regulating the Architecture education and practice of the Architecture profession throughout India. For this purpose, the Government of India has framed Rules and Council has framed Regulations as provided for in the Architects Act, with the approval of the Government of India.

Any person desirous of carrying on the profession of Architecture and using the title and style of 'Architect' must have registration with the Council of Architecture. For the purpose of registration, one must undergo education in accordance with the Council of Architecture Minimum Standards of Architectural Education Regulations, 2020, and possess the recognized qualification as appended to the Architects Act. If any person falsely represents or claims to be a registered architect or uses any words or letters to suggest that she/he is an architect or misuses the title and style of architect, such acts are tantamount to committing of a criminal offence punishable under the Architects Act, 1972.

The practice of profession of an architect is regulated under the Architects (Professional Conduct) Regulations, 1989 and amended in 2003, which prescribe the professional conduct, ethics and etiquette, conditions of engagement and scale of charges, architectural competition guidelines etc., Pursuant to the abovementioned Regulations, the Council has framed guidelines governing the various aspects of practice.

Presently, there are about 369 Institutions imparting architectural education in India leading to recognized qualifications. The minimum standards of education to be imparted in architectural institutions (constituent colleges/ departments of universities, deemed universities, affiliated colleges/ schools, IITs, NITs and autonomous institutions) are prescribed and monitored by Council of Architecture by way of Regulations and norms & standards prescribed from time to time, which set forth the requirement of eligibility for admission, course duration, standards of staff & accommodation, course content, examination etc.

The CoA oversees the maintenance of the standards periodically by way of conducting inspections. The CoA is required to keep the Central Government informed of the standards being maintained by the institutions and is empowered to make recommendations to the Government of India with regard to recognition and/or de-recognition of a qualification.

2.0 ABOUT NATA

National Aptitude Test in Architecture (NATA) is being conducted by COA since 2006, to qualify for the admission to Bachelor of Architecture. The Council has prescribed COA (Minimum Standards of Architectural Education) Regulations, 1983 and the CoA (Minimum Standards of Architectural Education) Regulations, 2020, with the approval of the Central Government in terms of Sections 21 & 45 of the Architects Act, 1972.

These Regulations prescribe that the candidate needs to qualify an Aptitude Test in Architecture conducted either by the Council of Architecture (NATA) or NTA (i.e. JEE) for admission to the Architecture degree Programme.

The actual admissions shall be carried out only by the concerned competent authorities of the respective States / UT's etc., Institutions based on valid NATA score and eligibility criteria prescribed by CoA and concerned authorities from time to time.

NATA is an Aptitude test that assesses a candidate's ability through a variety of testing formats.

NATA measures the aptitude of the applicant for the specific field of study, i.e. Architecture, through assessment of cognitive skills, visual perception and aesthetic sensitivity tests, logical reasoning and critical thinking ability etc., besides the learning that the candidate has acquired over the past years.

In order to provide opportunities to a large number of aspirants to join Architecture Programme, the Council will be conducting NATA-2026 Aptitude Test for admissions into approved Architectural Institutions for the academic session 2026-2027, on designated Fridays & Saturdays in two sessions starting from April 4, 2026 to June 13, 2026.

3.0 SCHEDULE OF THE EXAMINATION

3.0 Scoring Methodology and Test Schedule Percentile-Based Scoring System

NATA 2026 shall adopt a percentile-based scoring system to ensure a uniform and fair assessment of candidates across multiple test sessions.

A candidate may appear for **either up to two attempts in Phase 1 for being considered for admission through Centralized Admission Counselling or one attempt in Phase 2 of NATA 2026 for being considered for admission to vacant seats** after Centralized Admission Counselling. Each attempt will generate a raw score, and a Statement of Marks/Score Card indicating the raw score obtained will be issued after every attempt.

A candidate shall be permitted to appear in only one Phase of NATA 2026. Admissions to the B.Arch. Degree programme against vacant seats remaining at the institutional level, after completion of all CAP rounds conducted by the respective Competent Admission Authority, may be made on the basis of the Raw Score obtained either during Phase-1 or Phase-2 of NATA 2026.

After completion of all test sessions in Phase 1, the final percentile score shall be calculated based on the candidate's best performance, relative to the entire population of examinees. However, after completion of Phase-2, only Raw scores shall be generated without any Percentile.

Phase-1 Test Schedule (For CAP Admissions)

The First Phase of NATA 2026 shall be conducted from April 4, 2026 to June 13, 2026 at approved NATA Test Centres (except on public holidays).

The Percentile Score shall be computed after completion of all test sessions in Phase-1 (April-June 2026) based on the candidate's best performance in the permitted attempts. In case of two attempts, the best raw score will be considered for percentile score.

Tests conducted during this phase shall be used for filling seats in B.Arch. degree program through Centralized Admission Counselling (CAP) conducted by various admission authorities.

Admission authorities across the country may prepare state-wise merit lists using either the best Raw Score or the Percentile Score, in accordance with their respective admission rules.

Phase-2 Test Schedule (For Vacant Seats)

The Council shall conduct an additional set of NATA examination on August 7 & 8, 2026 for candidates who did not appear in Phase-1 but wish to seek admission to the Architecture programme.

- Only one attempt will be permitted.
- Eligibility will be restricted to admission against vacant seats in B.Arch. degree program after completion of the Centralized Admission Process (CAP).

Only Raw Scores will be provided in the Score Card during the August examination.

3.0 DATE AND TIME OF THE EXAMINATION

Eligibility of NATA 2025 Candidates

Candidates with a valid and qualifying NATA 2025 score, who have not taken admission during 2025-2026 (as per Council records) and do not appear in NATA 2026, shall also be assigned a Percentile Score for admission during CAP round, since the NATA 2025 Score Card remains valid for the academic session 2026-2027. For admission against Vacant Seats, the best score indicated in the NATA 2025 Scorecard shall be treated as the Raw Score for such candidates.

Candidates holding a valid NATA 2025 score may also appear for NATA 2026. However, if they avail two attempts in NATA 2026, their NATA 2025 score shall become invalid. The NATA 2026 score and percentile shall be determined based on the number of attempts taken in Phase 1 or Phase 2, as outlined below.

Status in NATA 2025	Attempts in NATA 2026	Final Raw Score considered in NATA 2026
Obtained a valid 2025 score	1st Attempt (Phase-1)	Better of both scores of NATA 2025 & 2026
	1st & 2nd Attempt (Phase-1)	Best of two scores of NATA 2026 (NATA 2025 score shall be rendered invalid)
	1st Attempt (Phase-2) (if not appeared during Phase-1)	NATA 2026 score (NATA 2025 score shall be rendered invalid)

NATA 2025 scores shall be invalid for candidates who have already secured admission to an architectural institution based on NATA 2025. Candidates who did not qualify in NATA 2025 must appear in NATA 2026 afresh.

Final Scorecard and Its Use

All candidates will be issued a Final Scorecard with the Percentile Score at the end of Phase-1 or Raw Score at the end of Phase-2 of NATA 2026, as per the prescribed schedule.

The Scorecards issued by the Council at the end Phase-1 and Phase-2 respectively, shall be used as follows:

- **Phase-1 NATA Scores (with best Raw Score & Percentile Score):** For admissions through Centralized Admission Counselling (CAP) conducted by admission authorities.
- **Phase-2 NATA Scores (with Raw Score only):** For admissions against vacant seats after completion of the centralized counselling process on the basis of the Raw Scores obtained either during Phase-1 or Phase-2 of NATA 2026.

Candidates are required to download their respective Statements of Marks containing the Raw Score(s) for each attempt as well as the Final Score Card indicating the best Raw Score and/or Percentile Score from their login accounts.

Test Centre and Session Allotment

Candidates must indicate their preferred city/region and test date while registering on the NATA portal (www.nata.in).

The test centre and session shall be allotted by the Council as far as possible based on the candidates' preferences. However, the final decision of the Council regarding allotment of test centre and session shall be binding.

APPENDIX-V (IMPORTANT DATES)

The detailed date and session-wise schedule for the tests and other important activities/events related to NATA 2026 will be published separately on the official NATA website: www.nata.in.

APPENDIX-VI (VERSION CONTROL)

V1.0 : (released on 08.03.2026) This is the first version, generated by compiling information from previous NATA brochure including certain amendments and procedures followed for exams in general.

Council of Architecture

NATA is an aptitude assessment that seeks to discern a candidate's innate creative and analytical instincts through diverse modes of evaluation. It measures an inherent sensibility – one that cannot be coached into existence, memorised into mastery, or artificially instilled.
